# Academic Center for Tutoring

We are here to help you! We offer free tutoring services to help enrolled CSU students succeed in math, science, writing, and the humanities. The ACT supports all general CORE courses, selected additional courses, and writing in all courses. We also have assistance for learning how to use CougarVIEW and study skills development. You can read about our mission on the Mission page. To read about our policies, including our expectations, visit our Policies page.

The ACT has tutoring available online and face to face with CSU affiliated tutors. All tutoring will be by appointment. See the appointment page to make an appointment. You can make your own appointments through the Accudemia system at least one day in advance. If you have trouble with Accudemia, please contact us by emailing academic_tutoring@columbusstate.edu or by calling 706-507-8646 (*you can leave a message if no one answers and someone will return your call*). If you need a same-day appointment please contact us by email or phone and we will do our best to accommodate you.

**Note**: The CSU library will have laptops available to check out for use taking online classes as well as for participating in online tutoring. Contact the library for more information (706-507-8670).

## tutor.com

For tutoring outside of regular business hours, CSU students have access to a limited amount of online tutoring through tutor.com. You can access tutor.com through CougarVIEW.

## Other Tutoring Available on Campus

The Turner College of Business & Technology provides free tutoring for computer science and business courses. See here for more information: /academic-center-for-tutoring/more-tutoring-services.php

## Anonymous Feedback
