

Out-of-State Student Attestation

Directions:

You are being asked to sign this Attestation because you are currently physically located in a state in which Columbus State University's program of study for your selected program above does not meet the requirements for you to obtain a license in this state or sit for a license exam in this state. Due to the rules set forth under Title IV of the Higher Education Act, Columbus State University cannot enroll you in this program unless you sign an attestation that you intend to seek employment in a state in which Columbus State University's program will meet the requirements to allow you to obtain a license in the field of the program of study or allow you to sit for a license exam in that field.

You are not required to sign this Attestation. You may instead seek to enroll in another program at another college or university that does meet the professional licensure requirements for your state in this field. Or you may choose to enroll in a different program.

I understand that my chosen program does not meet educational requirements for professional or occupational licensure or certification, or Columbus State University is not aware whether the program meets educational requirements for professional or occupational licensure or certification in my state of residence, where I am currently located.

I acknowledge that the educational activities of my chosen program shown above may not qualify me for licensure where I am currently located. I attest that I plan to seek licensure and employment in the state specified above regarding where I intend to be licensed after completing the program.

Columbus State University cannot guarantee that I will qualify for licensure in the state where I intend to seek licensure after completing the program, as laws, educational requirements, and additional requirements (e.g., work experience, background checks, etc.) are subject to change. I acknowledge that I should contact any state where I may be interested in becoming licensed upon graduation to ensure I fully understand my licensure, certification, and employment options in that state.

I understand that the most reliable information on licensure and certification comes directly from the applicable state licensure board or agency/entity.

I submit this attestation voluntarily and knowingly.

- I affirm that the information stated in this attestation is true and correct, and I agree
