The Center for Accommodation and Access coordinates the compliance of Columbus State University with the Americans with Disabilities Act (ADA) of 1990, P.L. 101-336 (July 26, 1990), as amended by P.L. 110-325 (September 25, 2008) and Section 504 of the Rehabilitation Act of 1973, not merely to achieve legality, but to foster academic potential through individualized plans tailored to the particular needs of students with disabilities. Students with documented physical, psychological, or cognitive disabilities should contact the Center for Accommodation and Access as early as possible. It takes approximately 5 days to process a new student, which includes not only review of disability documentation, but also attending an intake meeting with the disability services professional. Scheduling the intake appointment with the Center for Accommodation and Access is the responsibility of the student.
