

## **Columbus State University and Columbus Technical College Transfer Articulation Agreement**

### **Introduction**

This agreement formally recognizes that Columbus State University (CSU) and Columbus Technical College (CTC) are active educational partners in providing educational opportunities for current enrolled and potential students of both institutions. Agreement to this partnership requires a commitment by both institutions to serve and facilitate a student's ability to transfer into a degree program without jeopardizing the intended mission and state goals of either institution.

### **Agreement on Accreditation**

Both parties agree to maintain institutional accreditation through the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC). Should either institutions lose accreditation through SACSCOC, the other institution may terminate the agreement through formal written notice.

### **Agreement on Communication**

CSU and CTC agree to cooperate in communicating with each other concerning the articulation relationship between the two institutions. Communications may include common publications and announcements concerning their affiliation. Announcements of this articulation and of changes in the relationship will have coordinated release to the public from both institutions. The institutions will encourage the dissemination of information about programs in this agreement to interested and qualified students, with both institutions providing advising and counseling to prospective students.

### **Agreement on Articulated Courses**

This agreement applies specifically to students completing the Associate of Science degree in General Studies at CTC (GS13) according to the attached degree progress sheet and who attend CSU to complete a Nexus degree and/or baccalaureate degree program. This agreement does not apply to other institutions in the University System of Georgia. Any student who completes the Associate of Science in General Studies at CTC as recommended in the attached degree progress sheet, is in good standing at CTC, and meets the appropriate admission requirements to attend CSU will be assured credit for completion of all CSU General Education requirements (Areas A-E of the Core Curriculum) and Wellness Requirements. A minimum grade of "C" is required for ENGL 1101 and ENGL 1102.

No student may transfer more than 75% of the credit required for an associate or baccalaureate degree. Both institutions are committed to advising students accordingly so that credit earned is applied appropriately to the degree.

This agreement replaces any former agreement between CTC and CSU.

### **Agreement on Maintenance and Review**

At least one administrative or faculty member will be appointed from each participating institution to act as a primary point of contact and agent for this agreement, to speak for the institutions, and to communicate details and modifications to respective faculty, advisors, and others with interest at the individual institutions.

This agreement will be in effect for three years from the date of administrative endorsement. Review of course content changes and changes in the AS General Studies will be completed annually. It will be automatically renewed unless one of the parties expresses, in writing, its desire to terminate the

agreement, giving six months' notification with the effective date to be the last day of the following academic term.
