My classes prepared me to understand movement, performance, and patient care, and my internship brought that learning to life. The experience gave me valuable professional skills and a clearer path toward my career goals.

Donovan Stone Senior, BS Kinesiology

At CSU, hands-on performance experiences played a key role in preparing me for a career in music. They allowed me to grow artistically, gain professional exposure, and build confidence for what comes next.

Ashlynn T. Mularchyk Senior, BM Flute Performance

At CSU, leadership opportunities and global experiences shaped my academic journey. From VP of the CSU Model United Nations to growing in the Service-Learning program in Brazil, I gained skills and perspective that will guide my future career.

Joseph Belle Junior, B.S. Environmental Science

CSU helped me land the internship that allowed me to see patient care up close and understand how knowledge from the classroom applies in a hospital environment.

Abby HinesSenior, BS Biology

High School Counselors We Make a Great Team!

As a high school counselor, you are an important part in CSU's student support. We understand the value of providing the information and resources you need to help your students with our admissions process, scheduling group tours, and more.
