

Friends of Art

Friends of Art (FOA) provides supplemental financial support to the Department of Art, and participates in building the CSU art program to one of preeminence in the Southeast. Funding made possible through the Friends of Art provides a margin of excellence not possible through state appropriations. Numerous projects and initiatives include recruiting and merit scholarships for art majors, exhibits of nationally and internationally recognized artists, relevant lectures by top scholars, supplemental funding for faculty development, program development, and scholarships for art students to study abroad.
