

Department of Chemistry

Come Explore About the Department of Chemistry

Chemistry is the central science, connecting disciplines and shaping the world around us. The Department of Chemistry helps students build a strong foundation in chemistry while developing the skills to solve real-world challenges. Through flexible coursework, a skills-focused lab curriculum, and opportunities to collaborate one-on-one with faculty in research, students gain valuable experience and a competitive edge. Discover how our innovative chemistry program can prepare you for graduate study or careers in science and beyond.

Create Your Future Degrees and Programs

The Department of Chemistry offers a flexible degree designed to fit your interests and career goals. Explore your options [here](#).

Our Faculty Learn From the Best

The Department of Chemistry is home to many accomplished faculty members. Several are highly regarded as experts and have been recognized with notable honors and awards. Thanks to a low student-to-faculty ratio, you'll be sure to receive an excellent education in our degree programs.
