

Executive College

The Executive College is in association with Columbus State University Justice Administration Outreach and provides a program of study that goes beyond what is currently available in executive and management development courses, serving as a “graduate school” for executives. To meet the present and future training and educational needs of executives, the Executive College offers a study program that is distinctive, flexible, and comprehensive.

Program Design:

The Executive College brings together the leading thinkers in corporate and public management to provide executives with intense training in the best available management theory and practice, to render innovative solutions to organizational problems and to address important issues in managing their organizations effectively.

The program consist of seven core modules and five electives for a total of twelve modules.

Seven Core Module Topics:

1. Effective Leadership
2. Human Resource Management and Development
3. Fiscal Management and Finance
4. Legal Issues and Trends in Administration
5. Strategic Planning and Policy Development in the 21st Century
6. Dealing with Organizational and Management Realities
7. Independent Research Project
