## Graduate Assistantships

### Description

Graduate assistants in the School of Computer Science are required to undertake research under a Computer Science faculty supervisor to complete a Master's by thesis. Graduate Teaching Assistants (GTA) will be expected to assist with teaching.

### Knowledge, skills, qualities or other requirements

Preference will be given to applicants who have completed at least one semester's worth of research supervised by a CSU Computer Science faculty, or have done research work at another institution resulting in a published paper, report or conference presentation.

### Stipend

$6,000 per semester (Fall and Spring) plus tuition waiver

### Policies

A minimum overall GPA of at least 3.0 must be maintained for graduate courses taken since the award of an assistantship for continuing eligibility. Performance as a graduate teaching assistant will also be reviewed at the end of each semester for assistantships to be continued for the following semester.

Any current openings for graduate assistantship positions can be found and applied for through the Columbus State University Employment Opportunities page at /human-resources/employment-opportunities.php
