

Estimated Cost of Attendance for CSU

The official Estimated Cost of Attendance is determined each year by the Office of Financial Aid at Columbus State University. The Estimated Cost of Attendance includes tuition, fees, on-campus housing and food (or a housing and food allowance for off-campus students), books, materials, supplies, equipment, transportation, and miscellaneous expenses. The Estimated Cost of Attendance represents the maximum amount of financial aid that a student can be offered using federal, state, and institutional sources. The total amount of financial aid offered cannot exceed the annual Estimated Cost of Attendance.

Please note that your Financial Aid Estimated Cost of Attendance is not your bill. The Student Accounts Office website will maintain a listing of all billable charges and will be the source for receiving your specific tuition and fee charges due to CSU for each semester.
