

PROBLEM: $0.87 - 0.3$

Estimate:

Place your numbers in the appropriate columns and subtract them.

	ones		tenths	hundredths
		.		
		.		
		.		

Use the 10 x 10 grid to model the subtraction problem. Use different colors.

Write your answer in words.

Was your difference greater than or less than 1? Greater than or less than $\frac{1}{2}$?

How far away were you from 1? From $\frac{1}{2}$?
