Target Twelve

Building Fluency: adding within 20 using up to 3 addends

Materials: three die for each player, 25 cubes, recording sheet

Number of Players: 2

Directions:

- 1. Each player rolls 2 dice.
- 2. They should record the addition problem on their recording sheet.
- 3. The player may decide to keep the sum or to roll a third die and add.
- 4. The winner of the round is the player whose sum (from either 2 or 3 die) is closest to 12.
- 5. The winner collects a cube.
- 6. The first person to collect 12 cubes is the winner.

Variation/Extension: Play to a different sum.

ROLL 1 Number Sentence	Sum	ROLL 2 Number Sentence	Sum	Closest to 12
2 + 3	5	2 + 3 + 4	9	/
6 + 5	11			/
