Information Technology

Main Content	Just the Facts	Additional Resources
About the ProgramBuild IT Expertise The Bachelor of Science in Information Technology (BSIT) program provides a strong foundation in programming, systems management, network security, and software engineering. Delivered through CSU's TSYS School of Computer Science, the BSIT is available both in person and 100% online, making it a flexible option for working students. You'll gain real-world skills and business insight to prepare you for today's tech jobs and tomorrow's innovations. Apply Now Request Info	**Total Credit Hours:** 123 Hours **Delivery Format:** On Campus or 100% Online **Completion Time:** 4 years (full-time) **Academic Unit:** TSYS School of Computer Science	View the Program of Study View Admission Requirements View Program-Specific Requirements

Program HighlightsYour Academic Experience
- Study in person or earn your degree **100% online.**
- **Real-World Projects**#– Gain hands-on experience solving industry-relevant IT problems.
- **Business-Focused Curriculum**#– Learn the role of IT in modern business processes.
- **Part of the TSYS School of Computer Science**#– Learn in a forward-thinking, tech-driven environment.

CSU provided students like me with opportunities to be exposed to different people and cultures. Both in and out of the classroom, I learned to work productively and efficiently.

Brianna BrowneClass of '18

What Can You Do With This Degree?
Explore job trends, average salaries, and growing opportunities so you can see how your degree connects to meaningful career pathways and the future of your field.
