Program Highlights Your Academic Experience

- **Maternal and Child Health concentration** focused on reducing disparities in diverse communities.
- **100% online** program with flexible scheduling for working professionals.
- **Small classes with one-on-one** faculty mentorship.
- **Internship and practicum** opportunities with local and state agencies.
- Graduates prepared to join **Georgia's public health workforce** and beyond.

Columbus State University offered a challenging academic environment that enabled me to excel in research and community health. Through the MPH program, I secured two grants to tackle food insecurity, benefiting 177 students and informing my graduate thesis. These experiences have been invaluable in preparing me for my role as the Cares Service Coordinator in the William B. Turner Servant Leadership Program.
