Robotics Engineering

Main Content	Just the Facts	Additional Resources
About the ProgramPrepare for High-Demand Careers Step into the future of technology with Columbus State University's Master of Science in Robotics Engineering—Georgia's only graduate-level robotics program. You'll gain the hands-on experience and technical expertise needed to lead in robotics, automation, and emerging technologies. Through interdisciplinary learning and real-world applications, you'll be prepared to make an immediate impact in high-demand fields. Apply Now Request Info	**Total Credit Hours:** 30 Hours **Delivery Format:** On Campus **Completion Time:** 2 years (full-time) **Research Areas:** Artificial Intelligence, Autonomous Systems, Robotics Design **Academic Unit:** Department of Earth and Space Sciences	View the Program of Study View Admission Requirements View Program-Specific Requirements

Program HighlightsYour Academic Experience
- **Georgia's only M.S. in Robotics Engineering.**
- **Hands-on**, interdisciplinary curriculum.
- **Research opportunities** in AI, UAVs, and computer vision.
- **State-of-the-art** labs with industry-standard tools.
- **Small cohort sizes** with close faculty mentorship.
- **Industry partnerships** with Pratt & Whitney and PCI.
- **Graduate assistantships** and internships available.

What Can You Do With This Degree?
Explore job trends, average salaries, and growing opportunities so you can see how your degree connects to meaningful career pathways and the future of your field.
