Global Ambassadors

Want to hear what study abroad was like from one of your classmates? Contact a CSU Global Ambassador, a group of study abroad peer advisors. They are here to help you and give you a student's perspective on study abroad. Look out for their visits to your classes or seeing them at info sessions.

Interested in becoming a Global Ambassador? Contact the Coordinator of International Education for more details.

Faculty interested in getting involved with the Center for Global Engagement and study abroad programs should visit the [Faculty Resources on the main Center for Global Engagement site](#).
