# Appointments & Advising

The CSU Center for Global Engagement provides advising to students via email and scheduled appointments. It is recommended that for any inquiries, you first send an email to [international@columbusstate.edu](mailto:international@columbusstate.edu). Your issue may be resolved without an appointment. If your need requires a letter from CGE we can prepare it and have it ready for you to pick up if you e-mail first. Walk In's may have to return to pick up documents.

## Issues that will require an in person appointment:

- Change of immigration status (ex. F-1 to other status or vice-versa)
- Personal issues and cultural adjustment difficulties
- Any situation where you believe more information or personal assistance is needed (ex. Medical/Compassionate Withdrawal, Leave of Absence)
- OPT or CPT employment - please have required documentation completed before making an appointment
- Any violation of status
- Transfer to another university
