

Prospective International Students

Why Choose Columbus State University?

Leaving home to study abroad for an undergraduate or graduate degree program opens up a world of opportunities.

Columbus State University (CSU) offers nationally distinctive programs in the arts, education, business, nursing and more. Columbus State provides a creative, deeply personal and relevant college experience. Serving the Southeast while attracting students from around the world, CSU thrives on community partnerships to deliver excellence for students who want to achieve personal and professional success in an increasingly global environment.

At Columbus State University, there are more than 50 international faculty with degrees from prestigious universities in Europe, Asia, South America and Africa. Our professors are passionate about teaching and see you as an intelligent person with vast potential. Our students agree: They see the personalized attention that they receive as a distinct advantage at Columbus State.

Location

Columbus State is located 160 km from Atlanta and the world's busiest airport. It's only a few hours from Florida beaches, mountains, nightlife, outdoor activities, and cultural arts and contains two campuses. The main campus is only minutes from two large shopping and entertainment centers as well as the downtown campus. Downtown you can sit on the banks of the Chattahoochee River or go out to a wide variety of eateries, galleries, and eclectic shops. There are also concerts, theatre performances, whitewater rafting, and zip lining all within walking distance downtown.

Climate

Columbus offers a warm climate with the benefit of four seasons.

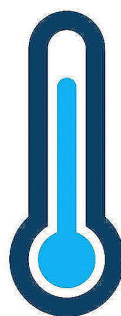

Our average

24° C

LOW TEMPERATURE

12° C

When school starts in August,
our average high temperature is **33° C**
and in May it's **29° C**

January is our coldest month with our average high
temperature of **14° C**

CSU & Agents

Columbus State University understands that agents or consultants are often engaged in many parts of the world to assist students in searching for and applying to universities in the United States. Columbus State University (CSU) works closely

with select Educational Agents throughout the world. **For a complete list of agents who have formal contracts in place with CSU, please click the button below.** These agents and counselors work with local students directly; guiding them through a wide selection of U.S. Universities and programs, assisting with the application process, applying for the appropriate visas, and assisting with everything involved with preparing a student to study abroad. Agents are screened, selected and trained by CSU staff and are expected to be up to date with knowledge of all of CSU's academic programs, campus culture and community, and the overall application process. Our primary goal in collaboration with agents is to partner together and assist students in making the best choice possible for their academic futures.

[Agent List »](#)

Prospective students are not required to work with agents nor are they given preference in admission. International students interested in independently learning more about the application or enrollment process at CSU are encouraged to contact the Director of the Office of Graduate & Global Recruitment at kwilliams@columbusstate.edu

If you have any other questions or concerns, please feel free to e-mail Christine Shaw, Administrative Specialist/Coordinator Center for Global Engagement at shaw_christine@columbusstate.edu
