

## Services

Your Student Health fee allows you visits with our providers and nurses. Students can make an appointment by emailing us at [student\\_health\\_services@columbusstate.edu](mailto:student_health_services@columbusstate.edu), calling us at 706-507-8620, or visiting the **SHC**.

If you present to the **SHC** without an appointment we will assist you with scheduling an appointment, as soon as one is available. We can also assist with referrals for specialty or hospital care, as needed.

A few prescription medications are available at the **SHC** that may be prescribed by our providers at a reduced price. Our providers may also write prescriptions that can be filled at a local pharmacy. The **SHC** cannot fill prescriptions written off-campus by other providers. There are NO narcotics or ADHD medications stored in the **SHC**.

Some vaccines and tuberculosis testing are available on a limited basis. Immunizations are required before admission to the university. Please contact us for additional vaccine information and guidance.
