

Criminal Justice

Contract #	Term	Course	Contract Title	Contract Description
270011	Spring 2015	CRJU-2145	Application of Criminal Law and Procedure.	The purpose of this contract is to broaden my understanding of the basics of criminal law in order to begin my preparation for law school and a career in the law field. Assignments will include field work (attending court) and researching court cases that deal with the text and what is being discussed in class and writing a one page report (5 reports minimum) in MLA format that detail how the court case relates to the text. Requirements for a final project will be to attend a court case/hearing/trial here in Muscogee County, research its history, and write a four to six page paper in MLA format that details the laws and statues that have been violated by the offender and how what I have learned throughout the course relates.
272011	Spring 2015	CRJU-4167	Cultural Diversity and Juvenile Offenders	For the Cultural Diversity class, I will volunteer at the Juvenile Drug Court. On the last day that I volunteer, I will present to the youth about a topic relevant to them. The Juvenile Drug Court is a great example of the Cultural Diversity within the Criminal Justice system. There are a wide variety of juveniles in all races who process through the juvenile system.
