

Management

Contract	Term	Course	Contract Title	Contract Description
327100	Fall 2016	MGMT-4115	Applying Herzberg's Two Factor Motivation Theory to the Modern Workplace	In Organizational Behavior we are doing a presentation on different chapters in the course. My presentation deals with Herzberg's Two Factor Motivation Theory and examples in the modern workplace. For my contract I will write a paper with further research on the topic, and study the chosen organization more extensively.
327101	Fall 2016	MGMT-3138	Group Training Analysis	In my training and development class we are designing and facilitating a group training session. Typically in a real world environment you can measure the success of this training in four stages: 1. Reactions 2. Learning 3. Behavior 4. Results The first two can be measured shortly after or immediately after training. Behavior and results however, take time to measure and will not be done this semester. For my contract I would like to follow up with the students our group trained and see if we can find evidence of change.
