325083	Fall 2016	THEA-3105	Drama Therapy with Special Education Using Children's Theatre	<p>I plan to study Drama Therapy in Special Education with the use of children's theatre. Exploring the scripts that we read in class throughout the semester and how they could work in drama therapy and/or with special needs children. I will write a 3 + page paper on my findings, and publish it on my blog, sharing it with others who might be interested in drama therapy. By using examples and other literary works I will be able to understand what it means to use drama therapy with different groups of people, not just special education.</p>
328083	Fall 2016	THEA	Costume Construction Project	<p>I will be doing a construction project where I build a blouse, skirt and either an apron or petticoat for the musical, Fiddler on the Roof. I will be taking the patterns to trace and cut pieces out of a unique fabric and I will be putting the pieces together by myself, but still asking for advice from my professor. I am in charge of any small tasks that will be given out to less experienced students, but it is my job to make sure the jobs are done well. From there without many instructions I will put the pieces together, knowing what to do from previous experiences in classes and my time in the Costume shop.</p>
