318018	Spring 2016	ARTS-5256U	Investigation into Tempera Painting and Fresco	A hands on project focusing on tempera and fresco painting approaches. I will research methods used in the fifteenth and sixteenth centuries, learn Professor Wertz's tempera method, and try these painting styles myself. The paintings will tie into an exhibition in April in which Katherine Holmes and I will collaborate in a survey of visual and audio storytelling methods over time.
