Contract Library

Welcome to the Contract Library! You can search by major/discipline to see what Honors students have done for Contracts in the past.

The primary method of earning honors credit in upper-division courses is to complete an honors contract. Students can transform any upper-division course into an honors course by developing a project through consultation and collaboration with a faculty member. All contracts must be submitted online through MyCSU by mid-term of the semester to the CSU Honors College Office for approval. All honors contracts should enrich the quality of your educational experience rather than simply increasing the workload. Therefore, you should consider proposing contracts in courses related to your major that will enhance your academic portfolio.

If you have specific questions about Contracts please do not hesitate to contact an Honors Advisor - they are available to help you through the process. You can email Ms. Jasmine Reid at reid_jasmine@columbusstate.edu, or schedule an appointment through Accudemia.
