

University Grants Criteria and Guidelines

Summary

Provost Office instruction on the application process for university grants.

Purpose

To provide guidance on the application process for university grants.

Policy

University Grants Criteria and Guidelines

The university administration, in conjunction with the faculty senate, developed the guidelines below for screening applications for university grants.

Application and Screening Process

All University Grants applications are reviewed by two committees, one at the college level and one at the university level. Representatives from each department within a college make up the college's screening committee as faculty members of the individual colleges are best equipped to evaluate the applications of their colleagues based on the funding and research needs of their college. The committees vet and prioritize applications from the faculty of their own college before sending the applications to the University Grants Committee for review and award.
