

Programs Serving Minors on Campus

Protecting Minors in CSU Hosted Programs

Columbus State University (CSU) periodically conducts, sponsors, or hosts programs designed to serve minors not enrolled as CSU students, including but not limited to camps, clinics, competitions, mentoring and other activities.

CSU is dedicated to providing a safe and healthy environment for those who participate, volunteer and work in university sponsored programs, or programs operated by third parties held on university facilities.

In conjunction with **BOR Policy - Programs Serving Minors** Columbus State University established **CSU Protection of Minors Policy** on May 1, 2017. This policy governs all CSU programs involving minors to ensure compliance with federal and state laws and the BOR/USG policies. Key areas of focus under this policy are registration, education, and compliance.

CSU staff, faculty and sponsoring departments of programs that involve minors should review the Program Serving Minors website, training, and resources to become familiar with the policies, procedures and requirements needed to comply with both BOR and CSU policies.
