

Course Reserves

Beginning the Fall semester of 2001, the Schwob Library implemented a closed reserves system. Materials placed on reserve are now housed at the Service Desk on the main floor of the library.

Students needing reserve items can ask for them at the Service Desk.

Students are able to search for reserve items by:

1. Instructor's name and course number
2. Call number of item
3. Title of item

This information is available in [GIL-Find](#) through a course reserves search.

If you have trouble, help is available at the Service Desk.
