

Fraternity and Sorority Life

Mission

Fraternity and Sorority Life provides students with an environment that fosters personal and professional growth. Through leadership opportunities, excellence in scholarship, and philanthropic involvement, students are able to build their resumes and make important connections that will better prepare them for life after CSU. In addition, Fraternity and Sorority Life can offer students a higher level of engagement in their university and the Columbus community.

Vision

Fraternity & Sorority Life strives to develop students through education, programming, and leadership opportunities. Through our facilitation and management, Columbus State Greek students are able to compete not only for recognition at Columbus State University but also for National and International recognition as top tier chapters.
