
Alternative Spring Break

2022 Alternative Spring Break: March 14–18

Alternative Spring Break is an opportunity to allow students to serve within the Columbus community during their spring break. Community Outreach also provide students to attend an Alternative Spring Break trip. The aim of the experience is to contribute volunteer hours to communities in need and to positively influence the life of the alternative breaker. Breakers are encouraged to take educated steps toward valuing and prioritizing their own communities by making life choices such as recycling, donating resources, voting, etc. Be on the look out for more information!
