
Student Activities Council

Purpose and Mission

The Student Activities Council organizes programs and events for the student body at Columbus State University. Programming is determined by the current needs and interests of the students. This organization provides opportunities for students to learn and engage in the event programming process. Students are also given an opportunity to build relationships with administrators at CSU, community members and event programming companies all over the country.

The primary function of this organization is to provide a balanced experience of social and educational events in order to enrich student experiences at Columbus State University.
