U.S. Army Captain Career Course

Columbus State University's transfer credit degree program with the U.S. Army Captain Career Course (CCC) provides pre-approved graduate transfer credit for CCC resident course graduates to transfer up to 9 credit hours. The credit can be applied to a master's degree program in Master of Public Administration (MPA), the Master of Science in Organizational Leadership (MSOL), Master of Science in Cybersecurity, or Master of Art in Strategic Communication. Earning your master's degree while enrolled in CCC is a fast way to advance your career.

> *I am very proud of being an Alum of Columbus State University. I am grateful for the personal experience at a civilian college with civilian classmates which broadened my appreciation for the fellow citizens whom I served, and I'm thankful to the Army for its support of post-graduate education as a key element of my professional development. Education is the best benefit the Congress has ever provided to the US military and Columbus State University was a great place to use that benefit.*
