### Create Your Home

Learning starts with environments that bring people together, encourage fresh thinking, and embrace new ideas.

*CSU ResLife has given me the tools necessary to succeed. It has been more than a place to live, as I have learned the value of conversations, relationships, & independence, while providing a safe environment to start adulthood off on the right foot.*

*I love living right next door to all my friends and classes. Plus, I get to take part in all the awesome experiences on the RiverPark Campus!*
