
Office of Sponsored Programs

The Office of Sponsored Programs partners with faculty and staff to provide the highest quality research administration at all stages of sponsored projects by promoting electronic research administration, responsible stewardship of funds, and sound management practices.

The office currently includes dedicated personnel to assist with grant development, submission, and post-award management. Our team is committed to supporting faculty and staff in pursuing external funding and ensuring compliance with university, state, and federal guidelines.

For assistance, please contact the Office of Sponsored Programs at grants@columbusstate.edu.
