

# Create Care CSU

Create Care CSU is a network made up of all members of the Columbus State University campus community, including you, that work together to promote a safe and successful environment. When you submit a report using the links below, please know that your report will be reviewed by appropriate individuals dedicated to connecting members of our campus community to specific support resources as well as upholding the standards with applicable codes of conduct for all.

## What can you do to...

- Make our campus safer?
- Connect to campus resources for help?
- Help students who need assistance?
- Support the student conduct code?

## Create Care Team

The CREATE CARE team is a cross-departmental group that coordinates responses when a student may be in distress or facing a crisis. Members come from counseling, campus police, residence life, academic advising, and other offices so that concerns can be addressed from multiple angles. If you need to refer a student, contact the Dean of Students office.
