
Premium Services

All facility services may be requested outside or in addition to their regularly scheduled times or frequency for a charge. Advanced notice is encouraged so building occupants and Custodial Services personnel can make the necessary preparations for the project. Submit an eQuest to request any of the premium services listed below.

- **Special Cleaning Projects:** Special assignments to clean kitchen appliances, clean furniture, do extensive clean-ups of spaces we normally do not clean, provide extra service during an event, etc.
- **Carpet and Window Cleaning:** for more frequent cleaning than scheduled.
- **Upholstery, Partition, and Fabric Wall Cleaning:** These tasks are done by the carpet-cleaning crew.
- **Blind Cleaning:** University Operations can provide an ultrasonic blind cleaning and minor repair service. Blinds are removed, cleaned at our facility, and returned, usually within a day. Aged blinds or blinds from a southern exposure may degrade during the cleaning process. University Operations takes extra care with these blinds but assumes no liability for damage.
